

**For Immediate Release**

**Contact: Kenneth A. Malinowski, Director  
Department of Municipal Development, 826-3330**

---

Mayor Timothy T. Stewart, through his ongoing commitment to provide quality living to the residents of New Britain, would like to invite you to celebrate New Britain's First Virtual Open House. The Open House will feature four single-family units, a two-family and a condominium. These homes were renovated as part of an ongoing project to increase homeownership in the City's neighborhoods and provide clean, safe and affordable units to residents of New Britain. All information required to purchase these homes will be distributed at this event.

The properties are owned by the City of New Britain's Commission on Community and Neighborhood Development (CCND) who purchased the properties after bank foreclosures, to improve the neighborhoods. Each has been renovated and improved to create an almost brand-new house you can call home. The City will sell the properties to first-time homebuyers who will be required to live in the home. The purchasers will be required to attend first-time homebuyer education and landlord training classes at Neighborhood Housing Services.

Interested buyers are asked to attend the Virtual Open House or contact the City's Department of Municipal Development at 826-3330.

Please join us for this memorable event.

**Where: City Hall, room 504**

**When: April 8, 2010 at 4 PM**
